

WEEK 3

DISCUSSION GUIDE *For Middle Schoolers*

CATALYST

Sometimes the idea of "faith" can feel a little mysterious and hard to grasp. After all, what is it? And how do you get it – or get more of it? Well, just like science can explain so many of the mysterious and hard-to-grasp things in the world around us, there are answers for many of the mysterious and hard-to-grasp things about faith, too. You'll learn in science class that "catalysts" are interactions that create big changes and transformations. In the same way, Scripture shows us certain change-making "catalysts" are necessary for the transformation of our faith and the faith of others. In this four-week series from Hebrews, we'll discover that **faith is a catalyst for action, the faith of others can be a catalyst on our journey, Jesus is the catalyst for a new relationship with God, and we can be a catalyst for change.**

THIS WEEK

BIG IDEA

Jesus is the catalyst for a new relationship with God.

BIBLE

Hebrews 4:14-16; Matthew 27:51; John 3:16-17

- **Who's one of your favorite fictional characters who experienced a dramatic transformation?**
- **What's an example of a dramatic transformation someone might experience in real life?**
- **Have you ever heard a story where someone's life was immediately and dramatically changed by Jesus? How did that story impact you?**
- **Read John 3:16-17. When God doesn't feel close, what can this passage teach us about what God is like?**
- **When God doesn't feel close, what do you think we should do?**
- **This week, what's one step you want to take to get closer to God through Jesus?**
