

### **Small Group Questions**

1. Which do you like more? Rom-coms or action movies? Or both?  
Whichever you choose, you must name your favorite film.
2. What do you look for in potential people you want to date?
3. What are some “red flag” signs that you shouldn't date a person?
4. What's your exit strategy for when a relationship needs to end? (How will you break up?)
5. Read 1 Timothy 4:12. What are some dating habits that will set you up for a better future/marriage? (Examples: fighting fair, forgiving, being compassionate, setting boundaries, listening, being an open communicator.)

Small group leaders, use this time to talk to your group about some habits you wished you would have created or destroyed when you were a teenager, and how it could have helped you in the future. This will require vulnerability.
