

DIALOGUE WITH THE DIRECTOR

INSTRUCTIONS: Spend time asking God to help you hear God's voice above the rest of the noise. God may convict you but never shames you. God's voice is compassionate and kind. Listen to what God is saying about the temptation you are facing and write down what you hear.

INSTRUCTIONS: Write down a temptation that you are experiencing right now. It may feel vulnerable to write it down, but practice telling God about your temptations. God isn't offended or put off by what you are writing.
